Brand New Book ***** Print on Demand *****.America was founded as a republic, a collective nation of tightly knit families and autonomous communities, who relied upon each other to fulfill their needs and achieve their dreams. Breaking through the superficial partisanship, he explains how our human nature interacts with the different elements of each political philosophy in American politics, and how it is exploited by politicians, special interest and bureaucrats. The evidence, in total, points to one conclusion. There is a Natural Law that illuminates our path to human happiness,...
