POINT & FIGURE CHARTING: THE ESSENTIAL APPLICATION FOR FORECASTING AND TRACKING MARKET PRICES

John Wiley & Sons, New York, 1995. Hardback. Book Condition: New. Dust Jacket Condition: Fine. Many investors tend to forget that the most basic force affecting securities prices is the law of supply and demand. Point and figure charting is a time-honored, proven method of tracking fluctuations in supply and demand and recognizing promising trends early enough to take advantage of them. In this book, Thomas J. Dorsey shows you, step-by-step, how to create, maintain, and interpret your own point...

Reviews

Extremely helpful for all class of folks. I really could comprehend almost everything using this written e publication. You will not feel monotony at any time of the time (that's what catalogs are for about in the event you check with me).

-- **Prof. Melyna Dooley V**

Very helpful to any or all category of folks. It is written in simple phrases rather than difficult to understand. It has been developed in an exceptionally simple way and is particularly just after I finished reading this pdf in which basically transformed me, modify the way in my opinion.

-- **Hank Runte**

Without doubt, this is actually the greatest function by any article writer. It is among the most amazing publication I have got read. It has been printed in an exceedingly basic way in fact it is simply after I finished reading through this publication where in fact changed me, change the way I believe.
