Reviews

The most effective ebook i possibly read. it was actually writtern quite completely and useful. I am just very happy to tell you that here is the best publication we have read through during my individual daily life and could be he greatest publication for possibly.

(Kennith Nicolas)

HEATHER ROSS PRINTS: 50+ DESIGNS AND 20 PROJECTS TO GET YOU STARTED

Stewart, Tabori & Chang Inc. Paperback. Book Condition: new. BRAND NEW, Heather Ross Prints: 50+ Designs and 20 Projects to Get You Started, Heather Ross, Heather Ross Prints is an innovative craft book from the author of Weekend Sewing (published by STC Craft, 2009). In addition to being a designer and seamstress, Heather is well known for her whimsical illustrations and fabric designs. In fact, her out of print fabrics are often traded by online resellers for ten times their original price. In this book, Heather presents a DVD with the artwork for more than 40 of her most in demand fabrics as well as instructions for 20 craft projects to make with the designs. The disk included with the book will hold hundreds of digital art files, formatted for use in each of the projects. All of the pattern designs will be available as PDFs and any projects that includes personalised wording (such as stationery and notepads) will be available in editable Word Documents. All of the digital files can be printed at home to make paper crafts such as a sea turtle notepad set, a notebook covered with a sweet horse themed print, vibrant floral gift wrap and a decoupage child's stool. Or the designs can be uploaded to websites that print on demand wallpaper and fabrics. Several sewing projects will be included for use with on demand fabric; such as a child's duvet made with race car fabric, a shower curtain covered with swirling mermaids and a silk nightgown with a "Frog Prince" print, which will surely make Heather's Weekend Sewing fans happy. A final chapter on how to create your own artwork using Photoshop will appeal to aspiring fabric designers. The book, however, is intended for the whole DIY community, with something for sewers, decorators, graphic...
