Haunted by the shadows in our mind tales of the occult feed upon these deep recesses incessantly. They Conjure up the devils of our own sub-conscious to haunt us during our waking moments. The inexplicable and the horrific have as always confounded the simplicity that is man. Call if warped imagination; morbid fear in the mind or just ghastly nightmares; the power of the occult and horror stories have entranced people since man first walked the earth. Long ago the demons of the night in dark forests, in empty deserts and in brooding canyons, haunted man in his darkest hour. Today in the long dark shadows lurk unseen shapes and destructive ghostly vibrations. Is this some unknown power, or the forces within our minds, that dare to creep into our conscious state? 'Shadow Forms' is a collection of stories from around the world, mostly from the East, which have been passed down through the ages by word of mouth and coalesced into both fancy and morality. Each story will surprise you and provoke your thoughts perhaps casting its own shadow form on your mind.
