DBA Antellus. Paperback. Book Condition: New. Paperback. 430 pages. Dimensions: 11.0in. x 8.5in. x 0.9in. A collection of essays about films which helped to influence film makers and their importance to culture and the genre. Each essay includes a complete plot synopsis, additional analyses and notes about their production, anecdotal information and data about the production techniques involved. The essays about the films touch on topics like human ethics and cultural meaning, philosophical subtext, and a lesson or warning of what can happen if humanity fails to act or ignores the warning signs. Each film has been selected for addition to this volume based on the authors experience as a fan of science fiction and a film critic. Some of the films listed may seem like cheaply made popcorn thrillers but when seen for their themes and impact they were actually quite educational. The chronology runs from 1925 through 1999, beginning with The Lost World and ending with The Thirteenth Floor. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
