Haskolautgafan. Paperback. Book Condition: new. BRAND NEW, Topographies of Globalization: Politics, Culture and Language, V. Ingimundarson, The term 'globalization' has been used to describe the intensification of cross-border flows - whether in the realm of ideas, culture, finance/trade, or human mobility. Another theme involves the problematization of the culture concept, its place in the public domain, and the redefinition of identities as a result of globalization. A third aspect deals with attempts to illuminate how globalization processes may deepen gender, class and race inequalities in the absence of binding rules and collective social responsibility. Finally, the focus is on...
