

Gender Differences in Mathematics: An Integrative Psychological Approach

By David Brodie

Cambridge University Press. Paperback. Book Condition: New. Paperback. 160 pages. Dimensions: 11.2in. x 8.3in. x 0.6in. Hodder Science Gold is a sister series to the highly successful KS3 Science series Hodder Science launched in 2000. The new series consists of three Pupils Books aimed at pupils working between National Curriculum Levels 2 and 45. The three books comprise the same ideas and concepts as the mainstream Hodder Science books, enabling the two series to be used side-by-side in mixed-ability classes. The Gold books have, however, been rewritten and redesigned so the text is at a lower reading level, the font is clearer and the design is more spacious. In addition, there are more frequent in-text questions to break up the text and key term boxes so that new vocabulary is explained on the page on which it first appears with simple, understandable definitions. As with the original Hodder Science series, the books exactly match QCAs exemplar Scheme of Work for Science, introduced in schools from September 2000. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.

Reviews

Thorough information! Its such a excellent read. It is really simplistic but unexpected situations within the fifty percent of your pdf. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Johnathon Moore**

This written publication is fantastic. I am quite late in start reading this one, but better then never. You will not feel monotony at at any time of your respective time (that's what catalogues are for concerning should you ask me).
