Multiple Sclerosis and Related Disorders: Clinical Guide to Diagnosis, Medical Management, and Rehabilitation (Hardback)

By -

Demos Medical Publishing, United States, 2013. Hardback. Book Condition: New. 287 x 221 mm. Language: English . Brand New Book. Multiple Sclerosis and Related Disorders addresses recent developments in the neuroimmunological field to provide the practical approaches a health care practitioner needs to know in the evaluation and long-term care of MS patients. Information on disease history, pathophysiology, and biology is included to provide clinicians with a framework for understanding current diagnosis, monitoring, and treatment strategies for these disorders. In addition to reviewing disease-modifying treatments, the authors have devoted significant focus to the symptoms that frequently manifest and their treatment options. Symptoms and functional limitations are the face of the disease for patients and present their own set of challenges. The book proceeds through diagnosis (initial symptoms, criteria and classification, imaging, lab tests, and differential diagnosis), approved treatments for the various MS types (including emerging therapies where appropriate), symptom management, rehabilitative issues, general health and wellness, and an overview of MS clinical trials. Special attention is given to special populations, societal and family issues, CCSVI, and related disorders that are often mistaken for MS. Dedicated chapters on Neuromyelitis optica and acute disseminated encephalomyelitis incorporate newer diagnostic criteria. Because comorbidities often...

Reviews

Unquestionably, this is actually the greatest function by any writer. We have go through and so i am confident that i am going to gonna read through once more once again later on. I am just happy to explain how this is actually the very best book i have got go through during my individual existence and might be he greatest ebook for ever.

Simply no phrases to clarify. It is really basic but surprises from the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.
